CONTENTS

NUMBER 1

Review article

1 Recent developments in the treatment of acute urinary tract infections
W. T. Friesen, Y. A. Hekster, J. B. J. Boerema, T. B. Vree, H. L. J. Nieste and E. van der Kleijn

Research and reports

11 Pharmacists' tasks, skills and attributes. Their professional importance and desirable teaching environment in the Australian state of Tasmania
M. S. Roberts, J. C. Atkinson, P. Cohen and P. H. Northcott

27 Formulation and evaluation of sustained release paracetamol tablets
M. Ahmed and R. P. Enever

39 The development of a drug dosage adjustment service for patients with renal impairment
D. Libiszewski

51 The effects of counselling by a pharmacist on drug compliance in elderly patients
I. Wandless and J. Whitmore

57 The Hereford hospitals prescribing study. Changes in the prescribing patterns of anti-bacterial agents in the medical wards of a district general hospital over four years
A. M. Alexander and J. B. Wood

63 Partition coefficients of some aromatic alcohols in an *n*-heptane/water system and their relationship to minimum inhibitory concentration against *Pseudomonas aeruginosa* and *Staphylococcus aureus*
J. R. J. Wilson, J. Lyall, R. J. McBride, J. B. Murray and G. Smith

Short communications

67 The stability of an oral liquid formulation of cysteamine
A. Broderick, Helen M. Broughton and Rosemary M. Oakley

71 Sorption to plastic syringes of drugs administered by syringe pump
A. Simmons and M. C. Allwood

75 **Book reviews**

NUMBER 2

Review articles

77 The development of a regional scheme for preregistration training in hospital
R. J. Green and P. R. Noyce

93 The prevention of poisoning in children
Hadassa H. Woolfson

Research and reports

101 Comparative *in vitro* evaluation of six commercial vincamine prolonged-release dosage forms
P. Buri, E. Doelker and J. Boucherat

107 Disposition of pethidine in man under acidic urinary pH. I. Plasma level and urinary elimination of pethidine and norpethidine
K. Chan

117 A mathematical model of drug absorption
B. C. Goodacre and P. J. Murray

135 The solid state stability of oral rehydration salts
E. Izgü and T. Baykara

145 Awareness of potential drug interactions with anticoagulants
J. R. B. Williams, J. P. Griffin, P. F. D'Arcy and W. C. Bowman

151 **Book reviews**

NUMBER 3

Editorial

153 Therapeutic progress?

Review article

155 Beta-blockers in the treatment of neurological and psychiatric disorders
M. Peet and R. A. Yates

Research and reports

173 An evaluation of a ward pharmacy service
R. H. Leach, C. Feetam and D. Butler

183 In-use contamination of intravenous fluids
Rosamund M. Baird and Helen Doery

189 An evaluation of 'Inpharma', a drug literature abstracting service
Angela Milne

195 High pressure liquid chromatographic determination of Cyclosporin A in plasma
M. C. Allwood and R. Lawrance

201 The Hereford Hospital prescribing study: investigation of methods to identify patients with adverse drug reactions
A. M. Alexander, J. W. Barnett and G. B. A. Veitch

Short communications

207 The ability of patients to swallow capsules
K. T. Evans and G. M. Roberts

209 Absorption of isosorbide dinitrate by PVC infusion bags and administration sets
M. G. Lee and V. Fenton-May

213 **Book reviews**

NUMBER 4

Review articles

217 Therapeutic progress—review II. Control of diabetes mellitus
A. D. Wright

227 Nitroglycerin stability: effects on bioavailability, assay and biological distribution
T. D. Sokoloski and C. C. Wu

233 Therapy for burn wound infection
R. M. E. Richards and G. N. Mahlangu

Research and reports

245 Quantitative structure activity relationships (QSAR) of lipophilic acids and related compounds on bacterial and mammalian cells
A. T'Ang and E. J. Lien

251 The epidemiology of dextropropoxyphene (Distalgesic) overdose fatalities in Birmingham and the West Midlands
R. M. Whittington and A. D. Barclay

259 A pharmacokinetic and pharmacodynamic assessment of a combined slow-release metoprolol-chlorthalidone preparation
M. J. Kendall, L. Lambert, C. P. Quarterman and V. A. John

267 Patient response to symptoms
M. C. Smith, T. R. Sharpe and B. F. Banahan, III

277 Record-linked audit of drug utilization data in a hospital: antimicrobial use on a urology ward
Y. A. Hekster, W. T. Friesen and J. B. J. Boerema

Short communication

285 Drug administration audit
G. R. Bailie, M. E. Campbell and C. M. Kesson

287 **Book review**

289 **Author index**
